Subject: RE: M6H1 Harvey - Revised Request for copying with shipment to Corpus

Question: There are English and Spanish versions of the "Disinfecting Drinking Water" flyer attached, but only one is listed in the table. Print both in equal numbers?

Also, the "What To Do After The Flood – Spanish" document was not attached – there seems to be some file naming confusion between the Drinking Water and After the Flood documents. I have the Spanish version doc from the last print job – with your approval, I'll add it.

If I add the Spanish version of the Disinfecting Drinking Water document, it'll be an additional 1,000 copy pages.

Please advise.

Thanks,
